Summary

ETQ Certified Senior ETQ Reliance Developer with **4+ years of experience** designing, configuring, developing, and supporting enterprise **Quality Management System (QMS)** applications across Life Sciences, Pharmaceuticals, Medical Devices, Manufacturing, Healthcare, and Consumer Goods. Proven expertise in **ETQ Reliance configuration, workflow automation, ETQScript, custom forms, views, business rules, Connection Profiles, Task Profiles, RESTful API integration, SAP integration, SQL optimization, Power BI reporting, and ETQ data migration**. Experienced in delivering end-to-end ETQ solutions, managing **L1/L2/L3 production support**, executing application promotions across **Development, QA, UAT, and Production**, and collaborating with global stakeholders to implement scalable, high-performance, and compliant enterprise quality solutions.

Core Competencies

- ETQ Reliance, ETQ Configuration, ETQ Development, ETQ Administration, ETQ Designer, ETQScript
- Workflow Development, Workflow Automation, Forms, Views, Reports, Dashboards
- Business Rules, Validation Rules, Connection Profiles, Task Profiles, Database Sources, Security Groups
- CAPA, NCM, Document Control, Audit Management, DHF, Training Management, Change Management
- REST APIs, SAP Integration, JSON, XML, SQL, MySQL, Python, Power BI
- Data Migration, Query Optimization, Production Support (L1/L2/L3), SDLC, Agile, UAT, SIT, Root Cause Analysis

Professional Experience

Owens and Minor India PVT LTD

ETQ Reliance Developer

01/2025 – Present | Remote (India)

- Designed, developed, and implemented **enterprise ETQ Reliance QMS solutions**, delivering scalable applications that supported quality and regulatory compliance across multiple business functions.
- Developed **20+ ETQ forms, 15+ workflows, custom modules, views, dashboards, reports, and business rules** supporting **CAPA, NCM, Audit Management, Document Control, DHF, and Training Management**.
- Automated critical business processes using **ETQScript**, including automatic activity creation, record auto-close, dynamic validations, notifications, and workflow automation, significantly reducing manual intervention.
- Optimized complex SQL views processing **2M+ records** by redesigning queries to retrieve only **~75K relevant records**, resulting in significantly faster application performance and improved user experience.
- Configured and maintained **Connection Profiles, Database Sources, Task Profiles, Lookup Tables, Security Groups, User Roles, Permissions, and Notification Templates** to support secure and scalable ETQ environments.
- Developed and maintained **RESTful API integrations** between ETQ Reliance, SAP, and third-party enterprise systems, enabling seamless data synchronization and automated business processes.
- Executed **ETQ data migration**, validation, and reconciliation activities during system upgrades, releases, and production deployments while ensuring data integrity.
- Planned and executed application promotions across **Development, QA, UAT, and Production** environments, including migration package preparation, deployment validation, rollback planning, and release management.
- Provided **L1, L2, and L3 production support** by resolving ETQ System Request tickets, troubleshooting ETQScript failures, fixing user access issues, performing root cause analysis, and ensuring SLA compliance.

Technical Skills

ETQ

- ETQ Reliance
- ETQ Designer
- ETQScript
- Workflows
- Forms
- Views
- Reports
- Dashboards
- Connection Profiles
- Task Profiles
- Database Sources
- Security
- Workflow Designer
- Validation Rules
- Business Rules
- Release Management
- Change Control
- ETQ Reliance CG/NXG
- SQL Server
- Email Templates
- ISO 13485
- FDA 21 CFR Part 11
- Dynamic Forms

Programming

- Python
- SQL
- MySQL
- JSON
- XML

Integration

- REST APIs
- SAP
- Power BI
- Data Migration

Methodologies

- Agile
- SDLC
- SIT
- UAT
- Production Support
- Root Cause Analysis

- Partnered with business stakeholders to gather requirements, estimate development effort, design technical solutions, and successfully deliver ETQ enhancements aligned with business priorities.
- Supported **global Go-Live implementations**, Hypercare activities, production releases, and continuous improvement initiatives while collaborating with Quality, Validation, Manufacturing, Compliance, SAP, and Infrastructure teams.
- Identified opportunities for workflow automation, performance optimization, and process improvements that enhanced system reliability, reduced manual effort, and improved overall user satisfaction.
- Collaborated with global Quality, Validation, Manufacturing, and IT teams to deliver ETQ enhancements supporting regulated business processes across multiple regions.

Kernshell Technologies PVT LTD

ETQ Developer

06/2022 – 01/2025 | Ahmedabad, Gujarat

- Developed ETQ forms, workflows, views, and business rules for enterprise QMS applications.
- Customized ETQ modules based on client requirements and business processes.
- Configured notifications, validations, Connection Profiles, and Database Sources.
- Participated in requirement gathering, UAT, deployments, and production support.
- Collaborated with cross-functional teams to deliver ETQ enhancements using Agile methodology.

Way to Web PVT LTD

Django Developer

01/2022 – 05/2022 | Ahmedabad, Gujarat

- Developed an Inventory Management System using Django, Python, MySQL, and REST APIs during a software development internship, gaining hands-on experience in backend application development.
- Developed and maintained scalable web applications using Django framework to meet client requirements
- Designed database schema, models, and RESTful APIs for seamless integration with front-end technologies
- Implemented security features to protect sensitive data and prevent common web vulnerabilities
- Collaborated with cross-functional teams to troubleshoot technical issues and optimize application performance

Education

Bachelor of Engineering (Information Technology)
Hasmukh Goswami College of Engineering,
Ahmedabad 2022

08/2018 – 08/2022 | Ahmedabad

Certifications

ETQ Reliance Basic Designer

(ETQ) | January 2025

ETQ Reliance Administrator Certification Training

(ETQ) | January 2025

ETQ Validation Certification

(ETQ) | July 2025

Application Walkthrough: Safety Management

(ETQ) | August 2025

Reliance Designer - Intro to ETQ Script, Part 1

(ETQ) | September 2025

Octave Product Focus NXG MythBusters

(ETQ) | June 2026

Accomplishments

- Delivered ETQ Reliance solutions for **30+ global clients** across Life Sciences, Pharmaceuticals, Manufacturing, Food & Beverage, Healthcare, Logistics, Consumer Goods, and Medical Devices.
- Successfully led ETQ application enhancements, production deployments, and system upgrades across Development, QA, UAT, and Production environments.
- Developed REST API integrations, ETQ workflows, Python automation, and SQL-based solutions to improve business processes and operational efficiency.
- Collaborated with global stakeholders and cross-functional teams to deliver scalable, compliant, and high-quality ETQ solutions within project timelines.
